BUSINESS MEN URGE THAT POLICEWOMAN BE NAMED

Commissioner Banta Favors Plan and Promises Cooperation: No Definite Action.

A delegation of 16 representative business men called on the countycommissioners at the court house yesiterday afternoon to discuss the anrobutment of a policewoman for Colorado Springs and El Paso county. The delegation held a meeting with the commissioners in regard to statements given out his two members of the county commission that El Paso county , does not need an officer.

It was rointed out at the meeting that, under the mothers' compensation accomplished by the women suffrage act. El Paso county is entitled to two juvenile officers. LABOR LEADERS INDICTED BY FEDERAL GRAND JURY; BOTH SIDES ARE BLAMED

Mine Officials Excortated for Inciting Men to Lawlessness; Operators Scored for Not Giving Miners Square Deal in Various Camps

PUEBLO, Dec. 1 .- Federal indictments against national officers and organizers of the United Mine Workers of America were returned this afternoon by the jury which investigated the coal strike in this state. Ten indictments were made public and 15 withheld until arrests can be made.

For maintaining a monopoly of labor, these national officers of the United Mine Workers union were indicted:

John P. White, president, Frank J. Haves, vice president, William Green, treasurer.

Indictments for conspiracy in restraint of trade were returned against John R. Lawson, Adolph Germer, Robert Uhlich, A. B. McGary, Charles Batey and James Morgan, strike leaders. and organizers of the United Mine Workers of America, and Edward Wallace, editor of a labor paper at Trinidad.

THE WOMAN PROBATION OFFICE

THE Budget, adopted a few days ago 67 the Council, provides an appropriation of \$600 for the pay of a policesoman whose chief business will be to deal with female delinquency." A probation officer is much needed by the County to discharge similar functions, and Judge Kinney, of the County Court, has proposed that the County Commissioners also appropriate \$600 and employ the same individual.

But according to interviews with two of the commissioners those otherals are opposed to this course. They are quoted to the effect that the employment of another probation officer is unnecessary since "there isn't enough juvenile business in the county to keep one of them busy."

The law clearly authorizes the County Judge to appoint two juvenile officers it he sees fit. But it would be unfortunate if the interviews with Messrs. Rouse and Kennedy should cause an impression to become prevalent that there really is no occasion for employing a woman as probation officer. The work of such an official, of course, would be entirely with girls and women work which obviously can be done only by a woman. And there are innumerable cases where a capable woman officer can take preventive action which will result in saving young women from taking the step which eannot be retraced.

The plan proposed by Judge Kinney, of having one woman probation other, jointly employed by the City and County, will be an actual measure of economy, for it will considerably reduce the expense which the County otherwise would incur in hiring an officer of its own. We hope that the arrangement will be made njthout unnecessary Bélay.

THE BANKING BILL

CMAING to the fact that the caucas has been invoked, the Democratic currency bill will probably be enacted within the next two months. Charges are being made that Wall street is lighting the Democratic bill. Possibly the charge is true, but if the street is offering a better bill than the Glass measure, are its efforts to be greatly condemned?

A rex days ago Representative Evans, or Mogneta, introduced in Congress a resolution for a bederat minucaon against the practice, which he denounced as degrading, cross, and a relic of medicy at burthat me of Ween coor manacle as man and hear him across the bare back you make hint are enemy to society, I said the Congressman. "Malice and hatted toward allthe world are wan in his beart, and sooner or later the seeds must bear fruit.

This is true. The a hipping post is barbinous and we can think of only one offense for the punishment of which it is justifiable. That is wife feating. Almonwho bears his wife cannot be adequately punished except by a flogging, for he is lineariably a pervent to whom a fail sentence, brings neither shame nor disgrace but merely an opportunity to loat in idleness while his tamily suffers from wants Insufar as Delaware uses the whiching post for this purpose the practice is justifiable. though of course the whipping should not be public under any circumstances.

But the infliction of such unusual punishment for a multitude of petty offenses which elsewhere are punishable by fines and jail imprisonment is a thing that nobody but a native of that state can understand. At any rate, we have never seen a satisfactory explanation of it.

The committee having been finally decided inpon, and tonight set as the first meeting for the local coal investigation. everybody should assist in making the investigation as searching as possible. What we all want, operators, miners and the public alike, is to get at the facts. That canonly be done, of course, if the committee goes to the very bottom, No half way measures should be tolerated by anyone concerned, and all members of the committee especially should keep their minds open and free from bias, with the sole purpose of discovering whether Colorado Springs can ger coal cheaper than at present, and, if so, how,

WINS MEDAL IN 361-MILE RIDE

Mrs. Herman Altop is numbered among the most enthusiastic motorcyclists of Toledo, O., and has proved her mettle on several occasions. One instance where she performed with particular credit was in the recent two day endurance run of the Toledo Motorcycle club from that city to Lima. Dayton, Springfield, Columbus, Fostoria and finishing at Toledo, covering in all about \$67 miles.

Much of the distance was over rough and muddy roads which forced the riders to exert their best skill to keep up to the schedule. Mrs. Altop came through with flying colors, however, keeping the pace set by the riders without noticeable difficulty, and checked in at the finish with a perfect score, winning a gold medal. Speaking of the experience after the contest was completed. Mrs. Altop.

"Although the 367 miles of hard road riding that we have just finished was what is generally considered a rather, hard test, it enjoyed the whole trip and am surely going to ride in the next road contest the club holds. My husband rather doubted, at first, whather I could keep up with the other Acacia, 6,000 at 3; C. t.
